

SETTLEMENT OF COAL STRIKE IS EXPECTED TODAY

Illinois Miners and Operators Optimistic Over Outlook

(By The Associated Press)
CHICAGO, Aug. 21.—Hope of possible settlement of the Illinois coal strike within 24 hours was expressed tonight by miners and operators following a session of the joint wage scale committee.

Both operators and miners met tomorrow morning. The miners going into executive session at 10:30 o'clock, followed by the operators. The miner operators' members of the wage scale sub-committee are scheduled to report to their respective groups the progress of negotiations during the week.

It was generally understood at both sessions would be of short duration and immediately following the close of the two sessions the miners and operators would go into joint session to discuss as a committee the whole report of the sub-committee.

On this meeting, both operators and miners are placed in hopes of a final settlement. Frank Farrington, president of the Illinois miners predicted speedy agreement. He declared at the miners had not receded from their stand of the "Cleveland agreement or none," so this was taken to mean that the operators had modified their arbitration demands.

COAL MINERS ORDERED TO GET READY

Duquoin, Ill., Aug. 21.—Virtually all coal mine operators of the Duquoin field, one of the largest in Southern Illinois, today ordered their engineers and men back to work. It was made known this afternoon following receipt of a telegram from local unions from William Hutton, a district executive of the Illinois miners union, who is attending the conference in Chicago.

Hutton's telegram gave the miners in permission to return. Some engineers and shift men, it was reported, were on their way to the collieries for the resumption of operations.

Some operators and union officials predicted the Southern Illinois mines would be in full operation before the end of the week. Between 3000 and 3,500 miners are normally employed in this district.

INDIANA MEETING IS BEING HELD

Terre Haute Ind., Aug. 21.—Drafting of an agreement centering on the renewal of a wage contract between union coal miners and the Indiana bituminous coal operators' association was undertaken today by a joint committee of eight members, with both sides apparently confident of an early settlement of the strike that has tied up the output from Indiana mines since the contract expired five months ago. After the committee had been at work two hours adjournment was taken until tomorrow with the only announcement being that progress had been made. The progress had been made, the committee was designated as the sub-committee of the committee of eight which was after a general conference participated in by all members of the scale committee of both operators and miners, had continued most of the day without any serious question of controversy being developed between the two sides.

HARD COAL STRIKE MAY BE SETTLED TODAY

Philadelphia, Aug. 21.—After late adjournment by representatives of their conference today rumors were current about the settlement of the Lehigh Coal & Navigation company, where the meeting was held, that possible settlement of the hard coal strike could be effected tomorrow. The conference today lasted about two hours. It will be resumed tomorrow at 3 p. m.

While no official word was given out it was understood that the operators insisted upon a resumption of mining at the old wage scale until April 1, 1923, and the miners want a so-called "long term" contract—probably two or three years—at the scale a week when the suspension was called last April.

MOUNTAIN CLIMBERS FALL; ESCAPE INJURY

Geneva, Aug. 21.—Three young men and two young women tied together fell from an Alpine elevation 500 feet to the valley below. Other climbers who saw the accident organized a rescue party and descended a ravine in search of the bodies. To their surprise they found all five only slightly bruised. A cushion of soft snow had saved them from death. They had started the ascent of the Old Horn which rises 10,250 feet and had lost their way.

PEOPLE FELL FOR VOLSTEAD DRINKS DISPENSERS SAY

Soft Drink Men Tell Newspapermen They Never
Sold Beer

(By The Associated Press)
JOHNSTOWN, Pa., Aug. 21.—While prohibition sleuths ostensibly were searching for bootleggers Johnstown's supply of empty beer bottles continued to increase tonight.

Mayor Joseph Cauffiel avowed supporter of the "pure beer for my constituents," movement smiled a lot and said nothing.

Prohibition Agent E. A. Spragg, directing a force of seven detectives said his men hadn't found any bootleggers, but that they had hopes.

Meanwhile, insistent demand for "the stuff the mayor ordered" began to lacerate the nerves of beverage dispensers today and they abandoned their efforts to explain to customers, that the mayor's act was a "hoax" that they couldn't think of selling any thing containing more than one half of one percent.

And besides that a prohibition agent was listening to the conversation.

The proprietor of one thirst parlor visited this afternoon by two really parched newspapermen, promptly agreed to fill their order. The product did not entirely satisfy the customers. After attempt to qualify as experts they became confidential. So did the proprietor.

"Why, we sold enough of this Volstead stuff yesterday to float a battleship thru the Panama Canal and people kept coming back for more," he said. "They actually thought it was the real article. When we told 'em the truth they winked and told us to trot it out."

SMUGGLING ALIENS SERIOUS PROBLEM

(By The Associated Press)
WASHINGTON, Aug. 21.—Smuggling of aliens into the United States, particularly Chinese from Cuba, constitutes one of the most serious problems before the department of labor. Secretary Davis declared today in commenting upon efforts being made to secure closer cooperation between the Cuban government and the United States.

The secretary as hopeful he said, that negotiations between the state department and Cuba would tend to remove some of the obstacles confronting the labor department in dealing with smuggling conditions.

It developed today that negotiations on the subject began in October last when Secretary Hughes asked the Cuban legation here to call certain features of the situation to the attention of officials in Havana. Since the legation has sent several inquiries to its home government but has received no formal reply to the American representations.

POINCARÉ SAYS GERMANY MUST PAY

(By The Associated Press)
PARIS, Aug. 21.—France is firmly determined to make Germany pay for the devastation she caused in the war and rather than depart from this fixed intention, she will act alone. Premier Poincaré declared at the opening meeting of the general council of the department of the Meuse today in a speech which was generally regarded as the complete official declaration of French reparations policy.

The necessity and justice of the payment of reparations by Germany were emphasized by the French premier who placed the blame of the present situation on the attitude of the commission of reparations and the failure of Great Britain to understand the desperate plight of her allies and the need for payment of the indemnity.

M. Poincaré recited in an effort to prove that Germany was responsible for her own collapse and had deliberately failed to live up to the demands of the reparations commission. He vigorously denounced that France sought to enslave Germany in revenge for the devastation of war.

WILL NOT PRESS REQUEST FOR REINSTATEMENT

Chicago, Ill., Aug. 21.—Joseph A. Tatro, ousted internal revenue agent, who created a stir last week by charging a plot to release \$200,000 worth of liquor in which the names of Senator W. B. McKinley and his secretary, Charles Willoughby were mentioned incidentally announced today that he would not press his request for reinstatement.

"I am sorry the name of Senator McKinley was brought into the affair," said Mr. Tatro. "I am positive I had no knowledge of the deal."

PEORIA SCENE OF ANOTHER MURDER

Peoria, Ill., Aug. 21.—George Weaver, 61 years old who was shot by Albert W. Troth, 50 years, this morning at the latter's home, died this afternoon. Before he died Weaver said he discovered Troth with a woman in Troth's home where he went to borrow some tools and for this reason Troth shot him.

BOLANDS DEATHS CAUSE OF ATTEMPT ON COLLINS LIFE

Opinion of Americans Recently Returned from Ireland

(By The Associated Press)
LONDON, Aug. 21.—Americans who have arrived here recently from Dublin declared that the attempt to kill Michael Collins, head of the Irish provisional government was forecast in Ireland and was planned to secure the removal of the sole remaining outstanding figure in that government and thereby weaken the free state movement and as a measure of reprisal against the shooting of Harry Boland by free state soldiers. On the walls of Trinity College and other public buildings is the inscription in white paint:

"Harry Boland murdered" and handbills pasted on telegraph poles by irregulars assert that Boland was shot by free state troops when he was unarmed after being removed from his bed.

The provisional government asserts that Boland was trying to escape when shot down.

Boland was a popular figure, and Irishmen who dared talk at all about the general political situation voiced the fear that his death would lead to assassinations. Nightly fusillades and bombings have reduced the Dublin population to a state of terrorism.

American travelers say that the provisional government policy of releasing captured irregulars after exacting a promise of loyalty to the free state has resulted in an increasing number of irregulars secretly assembling in Dublin ready to continue the campaign of guerrilla warfare of bombing and sniping. Under the existing terrorism there seems to be little idea of an early meeting of parliament which must act on the constitution.

This governmental policy is based on the conviction that peace and order can be established in Ireland by resorting to diplomacy, rather than to harsh extermination in battle or the rebels. Some Irishmen are represented as feeling that such a policy can only perpetuate civil war for an indefinite period and relegate to the far future the setting up of a free state government which now merely exists as a paper possibility.

IF WE COULD ONLY USE IT THIS WINTER

(By The Associated Press)
WASHINGTON, Aug. 21.—The heat of three stars—Aldebaran, Capella and Betelgeuse—has been measured by two officials of the Smithsonian Institution who have been making observations at the Carnegie Solar Observatory on the summit of Mount Wilson, California.

Dr. G. G. Abbott, assistant secretary of the institution and L. B. Aldrich, attached to the institution, reported today that they had succeeded in doing what never has been done.

The heat of the three stars the scientists reported first was gathered and brought to focus by the giant 100 inch telescope at the observatory. The heat and light then was passed thru a prism and spread out into a rainbow colored spectrum. Delicate devices then measured the light in each color as well as the invisible heat and bluer is its light the intensities of the heat in the various colors allowed an estimate of the temperature on the stars which was fixed at approximately 10,000 degrees centigrade.

NOTED ATHLETE IS SUE FOR DIVORCE

St. Louis, Mo., Aug. 21.—Suit for divorce was filed in circuit court today against Loren Murchinson, star sprinter of the Illinois Athletic Club, by Geneva Murchinson, who alleges he was more devoted to athletics than to her. She states he deserted her July 25 and went to Chicago. The Murchinsons were married in April of 1919.

MANY SMALL COAL MINES OPEN IN KANSAS

Pittsburgh, Kans., Aug. 21.—Production of coal at many of the small mines which signed up last week for a return to work was begun today. At 25 of the mines production was begun.

Thirty-six independents operating 39 mines have signed with the district, union officials said today.

GOVERNOR DAVIS ASKS HOOVER FOR NAMES

Columbus, O., Aug. 21.—Governor Davis today asked Secretary Hoover to make known the names of Ohio coal operators who are profiting by the fact that they are not being dealt with as they deserve. This was in answer to a telegram from Secretary Hoover Saturday.

Irish Republican Funds are Tied Up

(By The Associated Press)
NEW YORK, Aug. 21.—A temporary injunction restraining local banks in which are deposited money collected for the Irish Republican cause from releasing them to Eamonn DeValera or any of his agents was signed today by Supreme Court Justice Barr on application of attorneys representing Michael Collins and other officers of the Irish free state forces.

It was announced that approximately \$2,300,000 was tied up by the order. Service of complaint on DeValera and the other defendants was ordered to be made thru the insertion of advertisements in papers in England and Ireland. Most of the funds involved are said to be deposited with the Guaranty Trust company and the Harriman National Bank.

The main contention urged against DeValera custody of the Irish funds, the application for an injunction read, was that Ireland is not a nation; that DeValera is against the present government and is a fugitive and that he is not entitled to the money. If DeValera or his forces were granted the present funds in American banks, the free state representatives contend it would be devoted to the carrying on of further revolution against the present government and prolong needless and unjustifiable civil war in a country which has experienced the Irish free state form of government.

It is further stated in the application that the Irish free state is prepared to make good the bonds of that nation and the quickest way to end the present revolt is to deprive DeValera and his aides of funds from this country.

All checks on this fund were deposited in the local banks in DeValera's name up to the time of signing the Irish peace treaty, it was said today. The money was under the jurisdiction of three trustees, Bishop Fogarty, James O'Mara and DeValera. They were responsible to the Dail Eireann.

Opponents of DeValera charged that, in spite of their protests, not less than \$250,000 was withdrawn from the Irish funds in this city during the early part of this year. There was begun some time ago a series of inquiries concerning the exact status of the funds. Those who opposed DeValera charged they could obtain no information from him and that legal proceedings were thus necessitated.

The firm of attorneys representing the Irish free state officials today deposited with the county clerk a bond of \$50,000 guaranteeing the good faith of the applicants. The funds involved are represented by \$1,500,000 in securities and \$800,000 in cash.

SWEEPING PROBE OF COAL INDUSTRY PLANNED BY BILL

Congress Moves to Carry Out
Ideas Suggested by
Harding

(By The Associated Press)
WASHINGTON, Aug. 21.—Sweeping investigation of all industry as urged by President Harding in an address to congress was called for in a bill introduced today by Chairman Winslow of the house interstate commerce commission and which may be rushed thru the house tomorrow under suspension of the rules.

For three hours the committee worked today on what Mr. Winslow described as perfecting amendments. Its labors had not been completed tonight and another session will be held tomorrow. Leaders declared tonight it would be passed Wednesday in event it does not reach a vote tomorrow, immediately after consideration of a special rule sending the tariff bill to conference.

Briefly the bill would provide for creation of a commission of nine members, none to be members of the house or the senate, to get the facts bearing on the coal industry and to submit its first report with recommendations to the president not later than January 1 next. It makes no provision for appointment of representatives of miners or operators on the commission.

NEW BARGE LINE HAS BEEN ORGANIZED

(By The Associated Press)
CAIRO, Ill., Aug. 21.—A new St. Louis-New Orleans barge line has been organized with a capital of \$1,500,000 it was announced today by Thomas L. Faudree. The company will "augment" the Mississippi Warrior government owned service. Mr. Faudree stated the line will begin operation in thirty days. The northern terminal of the line will be here and Mr. Faudree said he would be in charge.

PRESIDENT REVIEWS CITIZENS SOLDIERS

Washington, Aug. 21.—Tanned and hardened, by three weeks' training at Camp Meade, Maryland, most of them still in their teens, a white review on the historical stage eclipse which President Harding declared gave him new assurance, new confidence and new belief in the perpetuity of the American Republic.

This opinion voiced by the chief executive in a brief extemporaneous address brought similar expressions of commendation from the veteran army chiefs, among them General Pershing, as well as Secretary Weeks, other cabinet members and members of congress who stood in the reviewing line with the president.

IOWA MINERS GO TO WORK TOMORROW

Des Moines, Iowa, Aug. 21.—Fourteen thousand Iowa miners on strike since April 1, will return to work Wednesday morning.

Representatives of the miners and of the operators this evening signed a pact based on the terms of the Cleveland settlement.

FAIL TO GET ANY TRACE OF SEAPLANE

Chicago, Aug. 21.—A flotilla of flying boats, launches, warships and passenger steamers failed today to get even a trace of the seaplane Ambassador II which dropped out of sight early yesterday with three persons aboard.

RAIL WRECK NEAR GARY, INDIANA WAS DELIBERATE PLOT

This Verdict Arrived at by
Coroner's Jury After
Investigation

(By The Associated Press)
GARY, Ind., Aug. 21.—"Deliberate homicide" was the verdict of E. E. Evans, Lake county coroner, who was investigating the wreck of the New York-Chicago express train which was derailed near here yesterday killing two members of the crew and injuring several others. The coroner said he found that 37 spikes were removed from the tracks "by persons unfamiliar with the use of a crow bar."

About 40 witnesses, including six members of the crew, testified that the wreck was not caused by defective equipment. The coroner's verdict said the wreck was a deliberate plot.

John J. Kantana arrested shortly after the accident, was grilled by police but it was said little information was forthcoming from the man. It is alleged that shortly after the train was derailed Kantana remarked, "It's shame they were not all killed."

Conclusively Evans was said to have been obtained by members of the Gary police force that the train was deliberately wrecked.

STRIKING SHOPMEN ARE ARRAIGNED

(By The Associated Press)
SPRINGFIELD, Aug. 21.—Seven striking shop craftsmen of the Wabash railroad at Decatur were brought to Springfield today and arraigned before United States Commissioner Fahy on charges of violating the federal injunction against interfering with operation of trains.

The men gave bond for their appearance here Monday. They are Adamas Gentry, H. Von Boeckman, Fred Barnett, George Dilley, W. W. Gatschell, J. E. Moriarty and J. A. Beard.

The last three named men are charged with assault on Harry Feinstein and James Hobart, car repairers. The other four men it is charged took Marion Koebel a Decatur boy, employed at the Wabash shops into the country and charged these assaults were attempts to interfere with operation of the railroad and constitute contempt of court.

DAILEY TAKES ISSUE WITH SECRETARY HUGHES

Indianapolis, Ind., Aug. 21.—Frank C. Dailey, who acted as special prosecutor for the government in the Newberry case in a statement issued today took issue with Secretary Hughes, who declared that the Michigan Senator had been convicted unjustly.

"The court and jury tried the case fairly and not politically," said Mr. Dailey.

"Men in such high places could do the country a great good by commending instead of condemning action of this kind," he added.

TRIAL OF MOLINE MAN HALTED

Peoria, Ill., Aug. 21.—The trial of C. P. Skinner, mayor of Moline, Ill., on a charge of contempt of court was temporarily halted today when a motion to quash the information was made by his attorneys. Mayor Skinner is charged with tearing down notices of an injunction granted by Judge Louis FitzHenry against striking shopmen posted in a Moline park.

WU PEI FU FAVORS MANIFESTO ISSUED BY SUN YAT SEN

Deposed President Be- comes Pivotal Figure in Chinese Affairs

(By The Associated Press)
SHANGHAI, Aug. 21.—Sun Yat Sen, deposed president of China, who recently fled here from Canton, came to the front today as a pivotal figure in the reorganization of the Chinese government with receipt of a telegram from Wu Pei-Fu, dominant military figure of North China flatly endorsing Sun's recent manifesto and pledging his support to Sun's policy for rebuilding the federal governmental machinery.

The southern leader who Peking authorities recently declared had been wiped from the slate of Chinese politics by his overthrow at Canton at the hands of Chen Chung-Ming, has become the focal point of a series of inter-factional conferences here which, supporters say, points to an early settlement of the country's problems.

Wu Pei-Fu's telegram, addressed to his personal representative here, General Sun Yeh, expressed unqualified endorsement of Sun Yat Sen's policies. These include the southerner's terms for the revocation and functioning of parliament free from all outside interests, self government of the provinces to replace the Tschun or military governorship system and the conversion of the independent provincial armies into labor battalions to wield the hoe instead of the sword.

Another incident today pointed to the drawing together of the different factions whose representatives have been conferring here with Sun. This was the return to Peking of Li Shu and the other spokesmen for President Li Yuan-hung bringing a cordial letter from Sun to the chief executive expressing Sun's readiness to aid in the task of reconstructing and reunifying China. Whether this presages Sun's early departure for the capitol, a step which President Li repeatedly has urged him to take is not disclosed.

Sun Yat Sen's home in the French settlement has been besieged with delegations offering support and eager for advice and instructions.

Three more arrived today as well as representatives of 25 labor organizations.

HOUSE GETS TARIFF BILL BACK FROM SENATE

(By The Associated Press)
WASHINGTON, Aug. 21.—The house got the administration tariff bill back from the senate today but did not send it to conference. The next step must await a reprinting of the amended bill, which is expected to be completed tomorrow or Wednesday.

When the reprint is ready Republican house leaders plan to send the measure to conference under a special rule which may permit a little or no discussion on the floor. House conferees will be named and they will have their first session with the senate managers probably on Thursday as Chairman McCumber of the senate committee expects to be occupied in the senate Wednesday with the soldier bonus bill.

In anticipation of acting on the tariff the house had a quorum today for the first time since it reassembled last week. The announcement of the senate clerk that the measure had been passed by the senate and a conference requested was greeted with applause and laughter.

CHICAGO GETS FRUIT CHEAP

Chicago, Aug. 21.—Fourteen hundred bushels of Michigan pears and apples were sold at the municipally supervised sale on the municipal pier today at a saving of more than \$1,500 to the buyers, according to O. J. Poole, city high cost expert. Apples sold for 85 cents a bushel for Duches, \$1.25 for Welchies and \$1.50 for Pippins. Pears were \$1 a bushel for orchard run Bartlett and \$1.50 for larger specimens.

WYOMING MINERS SETTLE STRIKE

Cheyenne, Wyo., Aug. 21.—Wyoming operators and mine union officials, this afternoon came to an agreement for the settlement of the coal strike in this state. The employers accepted the union's proposal that the miners return to work under the 1921 wage scale.

The checkoff system is to be retained.

MISSOURI MINES BEGAN WORK TODAY

Coal mines in Randolph and adjacent counties began operations today following an agreement between 27 operators and the miners of these counties on the basis of the agreement signed at Cleveland last Tuesday. More than 700 miners who have been idle since April 1, last, the beginning of the strike were in pits today.

CHAIRMAN HULL AGAIN BREAKS INTO HEADLINES

Head of Democratic National Committee Trying to
Kid Public

(By The Associated Press)
WASHINGTON, Aug. 21.—Chairman Cordell Hull of the Democratic National committee replied in a statement tonight to the letter of Secretary Hughes on the seating of Senator Newberry of Michigan, declaring that the letter was a plan of Republican leaders to make Newberryism paramount issue of the campaign as the only means "of diverting public attention from the many questions still more damaging."

Mr. Hull said:

"The national Republican leaders have decided to make Newberryism the paramount issue in the present national congressional campaign and have put forward Secretary Hughes as the attorney to state the case and offer the chief defense. In selecting Secretary Hughes for this delicate and dangerous task, Republican leaders have made a mistake. Secretary Hughes is only a civil lawyer whereas this national administration needs the ablest criminal lawyers to be found to defend it this year. In a desperate effort to check the rising tide of popular indignation due to the fact that the 18 months' record of this administration and its congress, contains more elements of complete failure than any or all of their predecessors.

Republican leaders have felt obliged to single out this one issue and make it paramount as the only means of diverting public attention from many other issues deemed still more damaging. It was evidently decided that Secretary Hughes in such an attractive way as to draw attention x x x away from the tremendously destructive effects of the Republican industrial panic of 1921-22, and from the confused, lopsided, uncertain and demoralized state of business industrial, economic and social conditions of the nation which the Republican administration and the Republican congress have not shown the faintest capacity to deal with.

"With public attention thus focused on Newberryism, the industrial, monopolistic and robberies about to be inflicted upon the American people by the most unscientific, unsound, monstrous and profligate tariff bill ever enacted, might be overlooked or minimized until after the election, x x x Such scandals as the printing and engraving, the tea-midnight raid on the bureau of pot dome oil reserve, the Daugherty case and Nat Goldstein might be viewed less critically with Secretary Hughes in the center of the stage singing the praise of Newberry and chanting the virtues of Newberryism, x x x

"Against this Newberryism, the x x x Democrats will match the solemn official verdict of a Republican judge and Republican jury in Michigan to the effect that in morals and under the law as it then existed, and also the facts, Newberry and his associates were guilty of violating the corrupt practice act, and in the language of Senator Borah 'the amount expended was intended to and did corruptly, affect the result of the primary election.'"

SOLDIER BONUS BILL HAS ROUGH GOING

(By The Associated Press)
WASHINGTON, Aug. 21.—Senate Republican leaders continued negotiations today for an unanimous consent agreement for a final senate vote on the soldier bonus bill, but apparently with little prospect of immediate success. Some progress was reported, but it was understood that four or five senators objected to an agreement at this time.

The bonus measure is the senate's unfinished business and will be taken up after the senate convenes and Chairman McCumber of the finance committee plans to deliver a prepared address at that time in support of it and some majority leaders said that unless there was an agreement in the meantime for a final vote the legislation would have to be fought out to a finish on the floor.

Estimates as to the time which would be required to pass the measure in the absence of any agreement varied, but it appeared that it might require several weeks.

STRIKE SITUATION BAD AT SALISBURY

(By The Associated Press)
SALISBURY, N. C., Aug. 21.—State troops who have been in camp here since Saturday night were placed on guard tonight after the Southern railroad shops at Spencer where the situation was said by officials to be "bad" and about the Salisbury postoffice as the result of an alleged attack by John Sloop, a postal employe on the Reverend Thomas C. Jimison, pastor of the First Methodist Church of Spencer and champion of striking railway shopmen.

ILLINOIS C. OF C. IS COMMENDED BY PRESIDENT HARDING

Says it is Gratifying to Know of Organi- zation's Activities

(By The Associated Press)
CHICAGO, Aug. 21.—President Harding in a message tonight received by the Illinois Chamber of Commerce expressed gratification at the organization's statewide campaign for a fund to bring about the detection and prosecution of those guilty of the Herrin massacre.

The letter replied to a telegram from the chamber of commerce following the chief executives speech before congress in which he censured Illinois for its failure to see justice done. It read as follows:

"I have your telegram of August 19 and note with genuine interest the activities of your association to see that justice is done in Williamson county. I was not aware of the activities which are underway to re-establish justice in that community. I had only the public view of a horrible crime which has thus far been ignored.

"It is a gratifying thing to know that there is a determination that justice shall be done. It was extremely necessary to refer to the affair in my address to the congress, because the general public did not seem to know that the federal government was powerless to act in the matter and it was unbearable to have a widespread impression that the federal government was willing or purposely ignoring that inexcusable crime. 'There is of course a conscience in Illinois which will not tolerate such a disgraceful thing. It will be very pleasing to me and reassuring to the whole country to know that this conscience is finding expression.'"

SEAPLANE ARRIVES AT NASSAU, BAHAMA

(By The Associated Press)
NASSAU, New Providence, Bahamas, Aug. 21.—The American seaplane piloted by Lieutenant Hinton which left West Palm Beach this morning on one leg of its journey to Rio Janeiro arrived here at 1:35 o'clock this afternoon.

The plane was forced down off the Florida coast on account of oil trouble. It had difficulty in rising in the heavy sea and was delayed one hour waiting for favorable weather.

ILLINOIS CITIES WITHOUT LIGHT

PEORIA, Ill., Aug. 21.—Electric power for all of Peoria was cut off for a quarter of an hour this evening and a dozen or more cities and small towns near the city face a lightless night as the result of a short circuit explosion in the sub-station of the Central Illinois Light company this morning. Lyle B. Miller a workman, was injured by a falling window sash blown down by the force of an electric blast. Officials said they hoped to have power for the surrounding towns restored some time tonight. The towns affected included Washington, Elwood and Farmington.

ESCAPED CONVICTS SEEN IN MINNESOTA

Sioux Falls, N. D., Aug. 21.—Reports from Flandreau, N. D., say that the four convicts who escaped from the South Dakota penitentiary here Thursday and who were last seen passing thru Beaver Creek, Minn., this morning are at present between Jasper, Minn., and Garretson, S. D., and that they are rapidly closing in on them.

MONTANA MINES AND OPERATORS SIGN

Billings, Mont., Aug. 21.—Montana coal operators and miners signed a strike settlement this afternoon. The pact re-establishes former wages and working conditions and is to be effective for one year.

A THOUGHT

Be ye one another's burdens, and so fulfil the law of Christ—Galathians 6:2....
No one is useless in the world who lightens the burden of it for anyone else—Charles Dickens.

There are said to be 100,000 aliens in the United States who would not be here if all the laws relating to immigration had been rigidly enforced. Perhaps if the government were to take steps to rid the country of a few thousand of this number industrial troubles might be fewer. It is claimed that wild-eyed alien radicals had much to do with the Herrin tragedy and that direct responsibility can be traced to men of the same class for numerous disturbances.

The Order of Moose purposes the establishment of an old people's home in Florida. It is to be on a new basis where the aged are given an opportunity of self-support. This and some other features make the plan very attractive.

The great success which has marked the efforts of the Moose lodge in the conduct of its home and school for boys and girls at Mooseheart affords ample reason for the belief that the Florida project will be a success.

The increasing number of automobile accidents on hard roads makes it certain that something will have to be done for the protection of car drivers. There is necessity either for a sufficient number of highway officers to enforce traffic laws, or some other system must be found for making law observance a fact.

Many people are beginning to think that the increasing number of accidents will require a law governing the speed power of cars. Why, they ask, does the law limit the speed of cars in cities and along county highways and then permit the manufacture and sale of cars that it is known will certainly violate the speed regulations.

SIGNS OF BUSINESS

The National Bank of Commerce sees good business conditions and a freight congestion also.

On the basis of freight movement thus far in 1922, an unprecedented strain on the capacity of the railroads seems certain in the autumn as a result of the expected expansion of business, the delayed movement of coal, and the marketing of large crops. The roads have ordered more than 100,000 cars during the year, and have steadily improved their facilities in other ways, but it is nevertheless difficult to see how serious traffic congestion can be avoided.

Wholesale trade in most lines is satisfactory. It is apparent that retailers are continuing their policy of conservative orders, but reports from all parts of the country

indicate that a good autumn business is expected. The most recent crop reports, together with the fact that aside from men out on strike, there are now fewer unemployed workers in the United States than at any time since the beginning of the business recession of 1920, amply justify this expectation.

THE RADIO SLUMP

(NEA Service)

Crape-hangers are predicting that the radio craze is booked to fizzle out. They are wrong.

Unquestionably, interest in radio is going thru a decided slump. It is a natural reaction. The novelty is wearing off. Radio is becoming commonplace. Only a few months ago it was as great a marvel as the arrival of a man from Mars.

Interest in the airplane has had much the same reaction. In communities where planes are not uncommon, people still look overhead when they hear the hum of the steel locusts. But they do not look with the speed that formerly threatened to dislocate the neck. Nevertheless, the airplane is forging ahead. It will be the same with radio.

An old hand-bill comes to light in the east, advertising one of the early telephone demonstrations at the city hall in Lawrence, Mass., May 28, 1877. The hand-bill reads:

"The miracle telephone! Wonderful discovery of the age! Professor A. Graham Bell, assisted by Frederic A. Gower, will give an exhibition of his wonderful and miraculous discovery. The telephone, before the people of Lawrence, when Boston and Lawrence will be connected via Western Union Telegraph, and vocal and instrumental conversation will be transmitted a distance of 27 miles and received by the audience in the city hall. Prof. Bell will give an explanatory lecture with his marvelous exhibition."

There's a curious coincidence between "vocal and instrumental music conversation" over the telephone wire in 1877, and similar service by radio in 1922.

The telephone, considered a marvel, swept popular fancy over night. Then it had a slump. People began to call it "a scientific toy." Many of them predicted that the telephone craze would die out quickly, just as similar predictions are made now about radio.

But the telephone hasn't died out. Neither will radio. It is as much in its infancy as Bell's phone was in 1877. And its future is as promising.

WAYNE GARD HONORED AT BAPTIST CHURCH

Anniversary of His Leaving For Foreign Work Observed Sunday—Verses Read by Mr. Story.

At the regular Sunday school hour at the Baptist church Sunday morning a service was held commemorating the first anniversary of the sailing of Wayne Gard for Rangoon, Burma. Mr. Gard for the past year has been a member of the faculty of the Cushing high school, an educational institution which is operated under the auspices of the Baptist church.

Charles H. Story, who is the superintendent of the adult department of the Sunday school, presided Sunday in the absence of Dr. G. H. Kopper, who is in Colorado. During the past week members of the Gard family have received three letters from the Jacksonville young man and Mr. and Mrs. Gard speaking informally, told some of the facts that were narrated in the letters.

It is known that Rangoon is in the area where malarial plague now prevails and for that reason some special concern is felt for Mr. Gard by relatives and friends. One letter mentioned the very disagreeable weather as the rainy season continues practically from May to October. Mr. Gard wrote that the rain falls every day and in consequence there is a great deal of humidity in the atmosphere.

Mr. Story presented some verses commemorating the anniversary which were as follows:

Only a few short years ago,

A lad with eyes and cheeks aglow

Played games and romped like boys today.

Except he always made it pay.

When play was done he always looked

To find a copy of a book.

And spent his time in quiet there

Leaned back in daddy's big arm chair.

When summer came and school was out

This lad would always look about

To find a job that he could do

And worked the whole vacation thru.

Long years of work and play

Passed by

He never quit; he would always try

If work was hard and others stopped

He kept on climbing toward the top.

When his Master called for volunteers

Altho he was of tender years

He heard the call from out the sky

And promptly answered—here am I.

And now in India's foreign clime

He still is using all his time

To do the task the best he can

To help to raise his fellow man.

And who can tell or ever know

The worth of service given so?

And all we ask what is his pay?

And should we ask we'd hear him say—

Beneath the cross of Jesus,

I find would take my stand

In the shadow of a mighty rock.

Within a weary land.

A home within a wilderness

A rest upon the way

From the burning of the noon

tide heat

And the burden of the day.

Upon the cross of Jesus

Mine eyes at times can see

The very dying form of one

Who suffered there for me.

And from my smitten heart with tears

I confess—

The wonders of his glorious love

And my unworthiness.

I take, O cross, thy shadow,

For my abiding place;

I ask no other sunshine

Than the sunshine of thy face.

Content to let the world go by.

To know no gain or loss,

My sinful self my only shame,

My glory all the cross.

CATHOLIC PICNIC AT MURRAYVILLE TODAY

Annual Picnic and Chicken Fry of Murrayville Catholic Church Promises to Be Big Affair.

Extensive preparations have been made for the annual burgoo picnic and chicken fry of the Murrayville Catholic church which will be held today at the park there. The program has been so arranged that there will be something of interest going on all hours of the day and evening, and the indications are that an immense crowd will be in attendance.

Six hundred gallons of burgoo soup has been prepared under the capable direction of Joseph Barnhart and more than 500 chickens will be served. Serving will begin at 11 o'clock and continue thruout the day and evening.

The Woodson band will furnish music thruout the day and evening and the David Short orchestra of Jacksonville will also have a part in the program. There will be a ball game at 2 o'clock this afternoon between the Jacksonville Indians and the Murrayville team.

The general committee in charge of the arrangements for the day includes Mrs. William Ring, Mrs. Al Hobbs, Mrs. Thomas Welch, Messrs. L. J. Maloney, Thomas Garvin and Harry Tarzwell.

The program was arranged by a committee including M. L. Robinson, Mike Riley and C. J. Lonergan.

In charge of the sale of tickets are Thomas McCarthy, Frank Flynn, William Ring, John Burns, J. P. Ring and Hugh Hagan.

The burgoo stand will be in charge of J. J. Maloney, Thomas Garvin, Mike Coleman and Thomas Winters, while the ice cream stand will be managed by Miss Elizabeth Welch and Miss Monica Riley.

The novelty booth will be managed by Miss Irene Garvin, Miss Mary Murphy and Miss May Smith, while Jesse Tarzwell will be in charge of the soft drink stand.

WELL KNOWN WOMAN PASSED AWAY SUNDAY

Mrs. Clifton Corrington Died Suddenly at Her Home—Funeral Will Be Held Wednesday Morning.

Mrs. Clifton Corrington died suddenly of cerebral apoplexy Sunday evening. She was sitting on the porch of the family home, 715 South Main street, when about seven o'clock she became suddenly ill and fainted. A physician was called but Mrs. Corrington had passed away before he arrived.

For the past month the deceased had not been well and had been under doctors orders to remain quiet. She had followed the physician's orders and had no complications or further trouble, therefore her death came as a shock to her bereaved family and many friends, both in the city and in her former home at Alexander.

An inquest was held by Coroner Rose at the family home Sunday evening. A jury consisting of: R. R. Wood, Lloyd Wells, G. W. Snyder, Fred Lynn, H. G. Strawn and Lloyd Vasconcellos, was empaneled and found that death resulted from cerebral apoplexy caused by high blood pressure.

The deceased was born in Alexander on September 13, 1862, the daughter of Mr. and Mrs. F. J. Kaiser. Her parents preceded her in death.

On March 21st, 1893, she was united in marriage to Clifton Corrington. To this union were born the following children: Mrs. Hilding Matson, Marguerite, John W. Frank and LeRoy, all of Jacksonville. She also leaves the following brothers and sister, F. J. Kaiser, of Alexander; Mrs. M. J. Hines, of Lancaster, Kansas, and Mrs. George Snyder, of Woodson.

Mrs. Corrington lived in Alexander and Jacksonville for the greater portion of her life. She was noted both as a loving mother and a woman engaged in many uplifting activities, being a member of the Strawn's Crossing club, and Central Christian church. She was always active in the work of the church and the church societies.

Rev. M. L. Pontius, the pastor of the deceased, will have charge of the funeral services, which will be held at the home on Wednesday morning at ten o'clock. Burial will be in Diamond Grove cemetery.

RAILROAD STRIKERS FIGHTING FOR ALL KIND OF WORKERS

Appeal for Assistance Sent Out By A. F. of L. Executive Council

(By The Associated Press)

WASHINGTON, Aug. 21.—Railroad workers on strike are fighting the fight of all workers and "should have all the moral and financial assistance which the labor movement can give them," an appeal issued tonight by the executive council of the American Federation of Labor declared.

Signed by President Compton and the entire membership of the federation's controlling committee the message recounted the causes of the rail strike—from the union viewpoint—asserting it had been called "to resist the imposition of unfair terms and conditions of employment" and asked general contribution of funds from labor organizations to assist the strikers.

"The struggle in which these workers are involved is one which is important not only to themselves and their organizations," the appeal said, "but to all organized workers and all Americans who love justice and fair dealing."

It must be clear to all wage earners and to all thinking men that the policy which has been pursued by the railroads has been entirely in harmony with the policies of all organizations of employers, which since the armistice, have been seeking to weaken and destroy the voluntary organizations of the workers.

"Finally the decisions of the railroad labor board compelled resistance on the part of workers thru suspension of work. A wage of 23 cents per hour was established for section men and this wage is the basis upon which all other wages are calculated."

The railroad shop workers are on strike to endeavor to secure a living wage for the maintenance of the American standard of living."

Lady Astor Faces Stiff Battle to Hold Parliament Seat

LADY NANCY ASTOR

By MILTON BRONNER

PLYMOUTH, England.—Booze is going to be one of the big factors in the fight Lady Nancy Astor faces—the greatest fight of her political life.

This daughter of Virginia, the first woman to sit in the British Parliament has returned from her triumphant tour of America to find various forces trying to dislodge her from the House of Commons, where she represents a Plymouth constituency.

There will be a parliamentary election next year, or sooner if the premier decrees it. And Lady Astor sitting as a Conservative, finds various Conservatives—mainly pro-booze—opposed to giving her the nomination because of her pronounced dry leanings.

Talking with people here, I found women voters strong for Lady Astor. Said one:

"We like her dry views, and her advocacy of measures designed to protect women and children. We like her breezy democracy and her old-fashioned Christianity."

"She's U. S. Importation"

A politician put it this way:

"She's an American importation and she's trying to force American prohibition on us."

Said a shopkeeper:

"Lady Astor has been an industrious member of Parliament, but she is too much the friends of Lloyd George. We want somebody who will break from him if he doesn't stand for what the Conservative majority wants."

"Too much pussy-foot—that's Lady Astor. Our people don't want anyone to interfere with their long-established habits. They want their beer."

An ex-soldier said:

"Oh, I suppose Lady Astor is all right for the ex-soldiers of the town, but she doesn't do anything for us fellows who come to Plymouth from other towns."

Her Position Strong

In spite of opposition, Lady Astor is popular and has strength. The great welcome home meeting Plymouth people held for her at Guildhall on the Fourth of July proved it.

I saw that meeting and it was a great triumph for the American woman who, with her American-descended husband—a viscount of the realm—supports every charitable, patriotic and uplift enterprise in Plymouth.

She is going to have a stiff fight, but more observers believe she has more than an even chance to win re-election.

Pro-booze Conservatives are already trying to induce a prominent London physician to enter the lists against her.

There are two possibilities; either Lady Astor may win the regular Conservative nomination again, and the disgruntled ones may put up an independent Conservative candidate; or she may lose the nomination and herself run as an independent.

The Liberal party will probably name no candidate but the Labor party, which is rather strong, is sure to do so.

CHAUTAUQUA OPENS AT WINCHESTER

First Day's Program Delights Large Audience—Other News Items from Winchester

Winchester, Aug. 21.—The 1922 chautauqua opened Monday with large audiences present at both afternoon and evening sessions. This year's program is one of more than usual merit and everything points to a very successful assembly.

The Ver Haar Concert Co. gave a fine program Monday afternoon, consisting of piano, cello and violin numbers and some splendid vocal selections. The lecture in the afternoon was by Dr. Lena Sandler, who discusses health subjects in an interesting and informing way. A medical round table was conducted by Dr. William Sandler at 4:30 o'clock.

In the evening the Ver Haar Co. gave another excellent program and Dr. Sandler was heard in a splendid lecture on "Public Health."

The Crawford Adams Co. will give a concert at 3 o'clock Tuesday afternoon and in the evening Col. W. P. Emerson will discuss "The Challenge of the Impossible."

News Notes

MEXICAN PAPER EULOGIZES HARDING

Mexico City, Aug. 21.—The appeal of President Harding before the United States congress for the punishment of the strikers identified with the disorders at Hermin, Ill. was the subject of a vigorous editorial in the Excelsior today under the caption "an example and contract" the newspaper calls attention to President Harding's aggression against the recalcitrants, while "unfortunately in Mexico, the government tolerates and almost authorizes syndicates to tyrannize over free labor."

The editorial is highly eulogistic of President Harding.

It says that "his noble attitude makes him the dignified successor of great men, like Washington and Lincoln."

STOCK MUST HAVE BILL OF HEALTH

Word Received By Fair Board That All Stock Exhibited Must Have Certificate of Good Health.

Word was received yesterday by the fair board that all stock exhibited at the Morgan County fair must have a bill of health signed by a registered veterinarian. All dairy and beef cattle must have the test for tuberculosis. This test must be given by a licensed veterinarian.

In an interview with an assistant state veterinarian it was learned that it would be all right to bring the stock to the grounds early and have the test given there, but of course the untested stock will not be allowed to occupy a pen with the tested stock. The state also requires that all hogs be vaccinated against cholera. Most farmers have already had this done and so it will not offer extra trouble to many.

Grace Church Doings

Sunday school as usual was the program. While a great many were absent on account of the attractions, a real helpful service was held. Biblical slides were shown in the basement to the children of the school. There were 166 in attendance and the offering amounted to \$5.44.

At 10:45 the pastor used as the theme of his sermon, "David's Lament Over Saul and Jonathan." In words strong and emphatic the speaker earnestly in defense of the Bible. The idea that the church had lost its grip upon affairs was repudiated.

No other services were held during the day. On Wednesday evening the midweek prayer service will be held. On Friday evening at 7:30 the Fourth Quarterly Conference will be held and every member is expected to be in attendance.

Grace church people are asked to assemble at the church on Friday at 10:30 to participate in the parade in conjunction to the Morgan County Methodist picnic to be held at Nichols park. All having cars are asked to bring them to participate in the parade. Conveyance will be provided for those not having cars. The committee on transportation will be glad to call for all who feel that they are not able to get to the church. Notify C. E. Williamson, H. S. Cully or H. D. Atkins. After the picnic dinner an address will be made by Dr. F. A. McCarty of Bloomington, Ill. Some time during the afternoon an athletic program will be held.

The following people from Grace church will attend the School of Religion to be held at Northwestern university, opening on the twenty-first and concluding on the thirty-first: Mary LaRue, Rachel Hall and T. V. Hopper.

MARRIAGE SERVICE EARLY THIS MORNING

Miss Helen Gebert and Allan Stewart to be united in marriage at 6:30 o'clock this morning—Will Reside in Denver, Colo.

At 6:30 o'clock this morning Miss Helen Gebert of this city and Allan Stewart of Denver, Colo. will be united in marriage in the auditorium of Routt college, Rev. Father F. F. Formaz performing the ceremony. The young people will be attended by Miss Louise Gebert and Albert Gebert, sister and brother of the bride.

The ceremony is to be a simple but beautiful one and will be witnessed by a limited company of relatives and friends of the bride and groom.

The bride will wear a gown of brown crepe with tulle and hat to match, and her bouquet will be of white roses. The bridesmaid will have a gown of blue canton crepe and will carry pink roses.

After the ceremony a wedding breakfast will be served at the home of the bride's parents, Mr. and Mrs. A. J. Gebert, 603 East College street, and later in the day the bride and groom will leave for Denver, where a handsome new bungalow awaits their occupancy.

Mrs. Stewart, as indicated, is the daughter of Mr. and Mrs. A. J. Gebert and has spent all her life in Jacksonville. She attended Routt college and later Brown's Business college, graduating from both institutions. For the past several years she has been connected with the extensive business in which her father is interested.

Mr. Stewart is the son of Mrs. Elizabeth Stewart and resided in this city until recent years, when the family removed to Denver. He attended the local high school and later the Denver schools, and during the world war served for almost three years in the U. S. army. He has for some time past been the manager of a clothing store in Denver and has been very successful in a business way.

The young people have a large number of friends to wish them happiness in their married life.

LAYING NEW FLOOR

IN CHURCH OF OUR SAVIOR While a new hard wood floor is being laid in the Church of Our Savior the church services will be held for two weeks in Routt college auditorium. T. C. Chumley has the contract and some other improvement work will be done in addition to the laying of the new floor.

CHAUTAUQUA CAME TO SUCCESSFUL END

Satisfactory Financial Showing Made—Only Slight Changes Made Necessary By Abridged Train Service.

The closing day of the chautauqua brought the usual large audiences, spite of the heat and dusty highways. While the attendance thruout the assembly was uniformly large, the heat and dust reduced the audiences considerably. Many Jacksonville people are away on vacations and their absence was noticeable.

For many years the Chautauquas held during the ten days ending with the last Sunday in August or the first Sunday in September. A few years ago the State Fair changed its dates so that it conflicted with the Chautauqua. It has now moved its dates much later and next year the Chautauqua can go back to its old dates which will be much more suitable to most of its patrons.

The receipts from the sale of season tickets this year was within a few dollars of former years and the gate receipts were the largest in the history of the assembly. The 1922 assembly will show a profit, the exact amount of which cannot be determined until all bills are paid. This is very gratifying in view of the fact that many other Chautauquas have not as yet come back from the depression and are showing losses this year.

Rail Strike Caused Trouble

The railroad situation has given all independent Chautauquas much trouble this year. The attractions frequently make long jumps and changes in time tables and abandoned trains have caused much havoc. Our chautauqua was mighty lucky in this matter. The Brown Jubiles did not get here the first Friday. They appeared in Jefferson, Iowa, the night before and after motoring 85 miles got into Peoria too late to make the Jacksonville train. Eva Ward who was to appear Tuesday afternoon, was on the platform at Rushsylvania, Ohio, the day before. She got to Indianapolis and found trains discontinued. She tried every way to reach Jacksonville not overlooking flying, but could not make it. In a letter she advised that the Jacksonville engagement was the first one she had missed in years chautauqua speaking.

S. A. Haboush who should have been here the last Friday afternoon got stranded at Fort Wayne, Indiana, but arrived in time for the evening program.

Mr. Bryan and the Tschakowskys who were to appear on the program with him were both late in reaching the platform, the former delayed by a slow train and the latter by a blowout on the way from Springfield. Mr. Stidger

who was booked for Thursday was too ill to come.

With these exceptions the program was carried out as advertised so that the record of the Chautauqua is still very good in this respect.

The pledges for season tickets for 1923 are large enough to assure a Chautauqua altho not so large as in former years. The shortage can be accounted for by the absence from home of vacations of many patrons.

The good order and good nature of the throngs who attend the Chautauqua is well maintained. With the many people on the grounds and great number of motor vehicles constantly moving in and out over a single thoroughfare, there was on accident worth mentioning and no illness of consequence. Altogether it was a peaceful and orderly session, with few complaints from patrons.

The light rain at the park yesterday morning wet the tents so that they could not be packed so there will be some delay in clearing the grounds.

INDEES TAKE FALL OUT OF SETH DOVE

Trim Veteran Harber by Score 7 to 1 and Get Thirteen Hits For a Total of Twenty One Bases—Fryman Had Visitors Helpless.

The Indies took sweet revenge on Seth Dove at South Side park Sunday afternoon for the defeat he gave them several weeks ago. Dove had all his dazzling speed and curves and struck out ten men. However when the Indies hit the ball they hit it hard and at opportune times. In fact but three of the hits were wasted.

Opposed to Dove was Fryman the big Alsey boy. Fryman had lots of stuff but he did not have as good control of his slow curve as usual. He held the Court of Honor batters widely scattered, only one did they get more than one in an inning they were not productive of runs. He struck out eight men.

Both teams were up on their toes thruout the entire game and gave the pitchers good support. The Court of Honor made two errors which helped the Indies in their run getting while the only bobbie by the Indies, DeFrates, would throw of Watling's grounder, gave the visitors their only run.

Cox at first base played an excellent game while Christopher made a fine catch of Lynch's line drive in the seventh that saved a score. Clark caught a good game and cut down several base runners while Denney made a great stop of Olive's grounder with his bare hand in the fourth but could not get his man at first.

Clark led the Indies with the stick getting three hits, one a double, DeFrates got a triple and a double and drew a throw from Albers after the latter caught Hamm's foul in the eighth that went to center field, allowing him come all the way home.

How the Runs Were Made

Clark single, Kohloff's double, a passed ball and a wild throw gave the Indies two runs in the first. DeFrates triple, Hamm's double and Denney's single added two more in the second.

Singles by Hamm and Fryman and Clark's double gave the Indies two in the fourth. De Fra-

tes' double and Albers' wild throw gave the locals their last run in the eighth.

The visitors lone score came in the second. Watling hit a slow roller down the third base line. DeFrates picked it up perfectly but had his sights too high and threw the ball over Cox's head, Watling going to second. Flannagan's sacrifice put him on third and he scored on a wild pitch.

NATIONAL DOUBLES TOURNAMENT STARTS

BOSTON, Aug. 21—The tournament which will decide the national doubles lawn tennis championship was begun at the Longwood Cricket Club today, with the defending titlists, W. T. Tilden and Vincent Richards, winning in impressive form and several sectional combinations that aspired to succeed them falling by the competitive wayside.

The victory of the champions was over Zenzo Shimizu and F. T. Hunter, New York, 6-3, 6-1, and 6-3. The Austrian and the Spanish Davis cup pairs did not get into action today but a team of their substitutes, Jose Alonso, R. C. Werthelm was eliminated after a hard tussle by Sam Hardy for money American Davis cup champion and S. H. Voshell, 6-3, 6-3, 3-6, 4-6, 6-1. Jean Borotra, of France and N. W. Niles, Boston advanced over B. Hoover and H. Cordes, Cincinnati, 6-4, 6-0, 6-3.

Sectional champions who were eliminated included J. J. Armstrong and J. McGee, Northwestern titlists who were victims of the Kinsey brothers, Pacific Coast champions and W. Newell and P. Bagby, Missouri Valley champions, eliminated by W. E. Davis of San Francisco and H. E. Johnson, Boston.

The defeat of James Davies and Phil F. Neer of Leland Stanford University by the middle-west champions, J. Hennessey and W. Westbrook, was unexpected and was the most pronounced upset. The scores were 6-3, 6-3, 8-6.

Manuel Alonso and Count De Gomar Spain, defeated F. Bastian and R. H. Burdick, Indianapolis by default.

Tomorrow Tilden and Richards will be opposed by the titlists of 23 years ago, Dwight F. Davis and Holcomb Ward who won their second round match in straight sets.

FARMERS, ATTENTION!
Stop, look and listen. Here you are. It will soon be time to sow wheat; no farms to rent; don't know where you are going next year. Don't you think the wise thing to do is to buy a farm. Stop paying rent and OWN YOUR HOME. The rent you pay will soon pay for your farm, besides farm land has struck the bottom and is starting upward. NOW is the time to buy your farm. I have a REAL farm for sale. 163½ acres in a high state of cultivation, in a good neighborhood and just what you want. Will try to make terms to suit.

BRIDGE COMPANY AND CALDWELLS TIE SCORE

Hard Fought Battle Ends With Bridge Company Unbeaten But Tied—First Tie Match of the Season.

A tie score was the result of a hard fought golf match on the Nichols Park course Sunday between the Caldwell Engineers and Illinois Bridge Company. The Scotch Nassau method of count was used ending with the score 14 to 14. The game was marked by no spectacular plays but was consistent thru out, each team trying their best to overcome the threatened lead of the other.

The men on the ground for the Bridge Company were Beadie, Singler, Flynn and Matthews. The Caldwell Engineers consisted of Caldwell, Kale, Green and Drummonds.

FREAK PLAY CAUSES COMMENT OF RULES

Here's a good one for the golf fan to solve. Fritz Capps in the match Saturday between Capps and Illinois Bridge company drove his ball off the fifth tee squarely into the bucket of the sand box on the eighth tee. The question arose as to whether he should be penalized because of the "unplayable lie" rule, or whether he should be permitted to lay it on the course and proceed without penalty. Several suggestions were offered and the question was settled by driving another ball off the tee. Many, however are yet in doubt as to what the correct ruling should be in a case of this kind.

PITCHING ACE of MAJORS LOST in OUSTING of "SHUFFLIN' PHIL"

By BILLY EVANS

The passing of "Shufflin' Phil" Douglas of the New York Giants from organized baseball marks the passing of one of the greatest pitchers in the history of the game.

Douglas has been barred for all time by Manager McGraw of the Giants because, McGraw claims he offered, for a money consideration, to leave the team at this critical time in the race when the Giants needed him most.

Douglas never reached the lofty position in baseball that his remarkable ability justified, simply because he was his own worst enemy.

Physically Douglas was a perfect specimen of manhood. When in condition, there was no more effective pitcher in either league. Mentally, Douglas had the brain of a child. It was an easy matter to lead him astray.

In baseball it is a tradition that all left-handed pitchers are erratic. Ball players had a habit of calling "Shufflin' Phil" the "right-handed southpaw."

Douglas has been pulling eccentric stunts ever since he got into the majors. His career, while not as colorful as that of Rube Waddell, was in many ways similar.

It was not unusual for Phil to desert his team just at the time it needed him most. Often his whereabouts for sometimes as much as two weeks at a time, would be a matter of mystery.

Then he would return, always, repentant, and would invariably pitch so sensationally that his escapade soon would be forgotten.

Manager McGraw has suspended Douglas a dozen during his career with the Giants. But McGraw, knowing the pitcher's weakness, has been lenient with him, and it is said that he returned later every time he ever assessed against Douglas. His salary had been trebled since he joined the Giants and no salary grievance is believed to have been harbored by him.

Shufflin' Phil's pitching unquestionably made it possible for the Giants to win the world series from the New York Yankees in 1921. Douglas

PRICES ON STOCK
MARKET ADVANCE
NEW YORK, Aug. 21.—Re-
sumption of public buying which
came from all parts of the coun-
try and apparently was based on
the improved strike situation and
the prospect of great industrial
expansion this fall, today furnis-
hed the stock market with the im-
petus that sent its three great
seasoned shares to their highest
levels of the year in total sales
approximating nearly 1,000,000
shares. It was the biggest buy-
ing movement since the end of
the speculative period two
months ago. The strength of the
present market is attributed in
part to the comparatively light
floating supply of popular shares.
Another feature which has at-
tracted widespread attention is
the ability of many stocks to ad-
vance substantially on compar-
atively small transaction indi-
cating that no important liquida-
tion is taking place. Virtually
all the active rail issues broke
thru to the year's best prices in a
steadily advancing market. Coal
and iron stocks were in the most
demand gains of 1 to 4 1/2 points
being scored by Baltimore & Ohio
common and preferred, Canadian
Pacific, Union Pacific, Northern
Pacific, Chicago & Northwestern,
Chicago, Milwaukee & St. Paul
and Peoria & Eastern.

Equipment shares followed in
the wake of the rails on expected
replacement of large orders from
the principal railway systems.
Unusual activity in stocks and
bonds brought more demands for
call money which opened at 3 1/2
per cent and advanced to 4 in the
final hour. Time money rates
were virtually unchanged.

Demand sterling continued to
improve in tone in response to
heavy American purchases of
British coal and rubber.

Liberty bonds continued slight-
ly reaction under the influence of
renewed soldier bonus bill activ-
ity in congress.

Total bond sales (par value)
aggregated \$12,297,000.

PLUMBING INSPECTOR NAMED BY COUNCIL

J. J. Keefe of Water Department To Do Inspection Work—Dr. Ames New Member of Library Board—Final Warning About Weeds.

Stricter attention to plumbing work is indicated by the appointment of J. J. Keefe as inspector at the meeting of the city council Monday night. At the same time Mayor Crabtree announced the appointment of a plumbing board, including Dr. R. V. Brokaw, John Deatherage and Matthew McNamara.

The council met at the usual time Monday night with Mayor Crabtree, City Clerk Scott and Alderman Sorrells, Ehnie, Loneragan and McGinnis present. A resolution fixing rates for water service in South Jacksonville was approved and made a matter of record. This agreement was approved by the trustees of South Jacksonville at a recent meeting and signed by L. O. Berryman, president and E. E. Beasly, clerk.

By this agreement South Jacksonville is to receive water for fire protection purposes at a rental varying from \$30 to \$40 per hydrant. Private consumers are to receive water at a slightly higher rate than is charged in Jacksonville. Provision is made that water shall be only furnished from surplus, that is, after the wants of Jacksonville consumers have been met.

Mayor Crabtree nominated Dr. J. J. Ames as member of the library board and the appointment was confirmed.

New Side Walk Ordinance
An ordinance providing for sidewalks on Clay Avenue from East College street to the city limits, excepting between Superior and Michigan avenues was given a first reading.

Engineer Henderson said that notwithstanding the fact that repeated warnings have been given that several applications for connections with sewer and water have been made on streets where paving is in progress after the sub grade has been finished and the work was ready for the concreting.

A license was authorized for Thomas Scott for the opening of the Grand Opera house for one month. It was stated that Mr. Scott wished to try out the management of the house for that period before determining upon a permanent plan.

The bid of Otis Hoffman for concrete sidewalk work on Walnut street and Mauvaisterre street was received and referred to the public improvement committee. The figure was: 23c for Walnut street and 18c for Mauvaisterre street.

Complaints for the garbage department were received from Pine, Caldwell and Sandusky streets, and were referred to the proper department.

Alderman Loneragan brought to attention again several lots where the owners have failed to cut weeds. Repeated notices have been given and now unless the work is done very speedily the police department has instructions to take necessary action with the certainty of fines resulting.

Cemetery Lot Funds
The council passed a resolution asking the various banks of Jacksonville to pay over to H. M. Capps treasurer of the cemetery commission fund, the various funds which they have in their possession, designated for cemetery work.

The mayor announced that the reorganization of the plumbing board had been delayed for a number of weeks, but that he was ready to make the appointments. He then named Dr. Brokaw, health physician, who under the law is a member of the board; John Deatherage, representing the employers, and Matthew McNamara the employees. The appointment of J. J. Keefe, who is now a member of the city water department, as plumbing inspector was also made.

Under the law the plumbing inspector must have direct supervision of plumbing work and certain fees charged are turned into the city treasury. After the discussion of some financial matters the council adjourned.

ATTENDED FLORIST MEET

Mr. and Mrs. Harry Heint, their daughter Lorna and son Lawrence will leave today for their home in Toledo, after a visit here with members of the Heint families.

Accompanied by Miss Adele Heint they drove to Kansas City the past week where Mr. Heint and Miss Heint attended sessions of the National Florists convention. The condition of transportation service interfered somewhat with the attendance but nevertheless thousands of delegates were present and the sessions were of great interest.

You will find cordial welcome at the Catholic picnic in Murrayville today.

GILLESPIE WOMAN IS KILLED SUNDAY

Jacksonville Men Almost Witness to Accident in Which One Person Was Killed and Two Injured—Accidents Very Numerous On That Highway.

In an automobile smash-up between Gillespie and Staunton in Macoupin county Sunday night, Mrs. Leslie Brown of Gillespie was killed and two other occupants of the car injured. A party of Jacksonville people returning from St. Louis arrived at the place of the accident very soon after the crash and gave what aid they could. In the party were Felix E. Farrell, T. A. Chapin, Nelson McMurphy and Felix Farrell, Jr.

Mr. and Mrs. Richardson of Gillespie, were passengers in the wrecked car. Mr. Richardson told the Jacksonville men that a big car was approaching him from the south. He dimmed his lights but the driver of the larger car failed to do so. When Mr. Richardson turned his lights on again the driver of the heavier car seemed to steer directly toward the Richardson car. It was overturned and crushed, while the big car and its occupants, swept on. A third car was traveling so close that it also came into collision with the Richardson machine.

Macoupin county authorities are following every clue in an effort to secure the identity of the driver of the car who caused the accident and the death of the Gillespie woman.

Speeding on this hard road which runs from Springfield to St. Louis has become a great menace to life. One motorcycle officer is now serving and is said to have made fifty-six arrests in the past month. Authorities declare that more officers must be put on and some system devised for controlling speed, and also requiring compliance with other points of traffic laws.

DR. F. A. NORRIS BACK FROM VACATION TRIP

Dr. F. A. Norris returned yesterday from a three weeks' vacation spent at the Rowe cottage at Castle Park, Mich., and with his parents in Duluth, Minn. Dr. Norris said yesterday that forest fires are still raging near Duluth, altho not now, doing a great deal of damage.

Twice a day or oftener officers travel over the burning forests in planes in order to be able to report the prevailing conditions. Residents of Duluth recall that the greatest fire ever known in that area was in 1918, when hundreds of persons lost their lives.

CAUGHT RADIO PROGRAM

A concert program in St. Louis and Jefferson City were heard over the radio equipment at the State School for the Deaf Monday night. Col. Smith and Thomas Harber, who were working with the machine, disconnected the aerial equipment and laid 125 feet of wire across the floor. They were experimenting and with excellent results, for they heard the program very distinctly.

Miss Mary Dobys of 1020 West State street who is ill at Passavant hospital is improving in a satisfactory way.

HARRY M'LAIN KILLED BY FALL FROM TRUCK

St. Louis Youth Met Instant Death on Roadway Near Chapin—Accident Happened Sunday Morning.

Harry McLain of St. Louis met instant death Sunday morning on the Meredosia road when he fell from a moving truck and his neck was broken. The lad was a son of Mr. and Mrs. Albert R. McLain of 4369 Maryland avenue, St. Louis, and had been in Jacksonville for a week or more, a guest at the home of his aunt, Mrs. Francis M. Shields, 901 West State street.

Harry McLain with other boys accompanied Marion Parker to Meredosia Sunday morning, when he drove there to deliver some sacks of cement to the K. P. One Hundred club house. Before returning the boys purchased a number of watermelons and had covered more than half the distance from Meredosia to Chapin when the fatal accident happened.

Riding On Cab

According to the testimony at the inquest, held by Coroner Rose, McLain was riding on top of the truck cab, when he laughingly jumped to the truck bed on one of the water melons, intending to crush it. He sat near the edge eating a piece of the melon when in some way he lost his balance and fell to the roadside in such a way that the fatal injury resulted.

The body was brought to Jacksonville and taken to the Reynolds Mortuary. Marion Parker was driving the truck and according to the testimony of the several boys in the party the vehicle was moving at a speed of about ten miles an hour. The other boys in the party were Edward Joaquin, Lawrence Laney, Robert Killam and Paul Bolman.

The truck was stopped as soon as the accident was noted and the boys hurried back to give what aid they could to their companion. They carried him to the roadside and one of them hurried to the home of George Rolfs not far distant and telephoned to Dr. J. H. Fountain in Chapin. Within a short time Dr. Fountain was on the scene and according to his statement before the coroner's jury life was extinct when he examined the body. Dr. Fountain expressed the belief that the fall resulted in a fracture at the base of the skull. A fracture of the right leg at the hip was also sustained and there were other injuries.

Boys Give Testimony

Marion Parker, Robert Killam, Paul Bolman, Edward Joaquin and Lawrence Laney, all testified before the coroner's jury, setting forth facts as given above. The jury included C. H. Howard, Robert Mutch, F. L. Green, R. W. Gillham, Glenn Howard and J. L. Tayman.

Young McLain spent several weeks last summer in Jacksonville and so was known to a number of local young people. He was of a generous, friendly spirit and many were grieved to know of his untimely death. He is survived by his parents and two brothers, Leslie A., and Ira A. McLain, of St. Louis.

The funeral will be held at 10 o'clock tomorrow afternoon at the residence of Mrs. Francis Shields, 901 West State street, with Rev. M. L. Pontius officiating. Interment will be in Diamond Grove cemetery.

C. OF C. COMMERCIAL DIVISION MET TUESDAY

Will Ask Auto Men for Joint Committee to Plan Auto Week—Committee on Peddlers Zone Reports.

A meeting of the commercial division of the Chamber of Commerce was held last night in the Chamber rooms. Various ideas to increase the trade territory and better the condition of the merchants were discussed.

It was decided to ask the Automobile Dealers association to appoint a joint committee to arrange for a peddlers zone was heard. It seems that there is already a city ordinance which provides that if peddlers are meddlesome they may be given a special territory to work in and may not leave that territory. The Chamber of Commerce will see that this ordinance is enforced.

The next meeting of the commercial division will be held September 3rd, which is the first Monday after the fair. This was decided upon as several members of the division are engaged in fair work and would find it hard to attend on the night before the beginning of the fair.

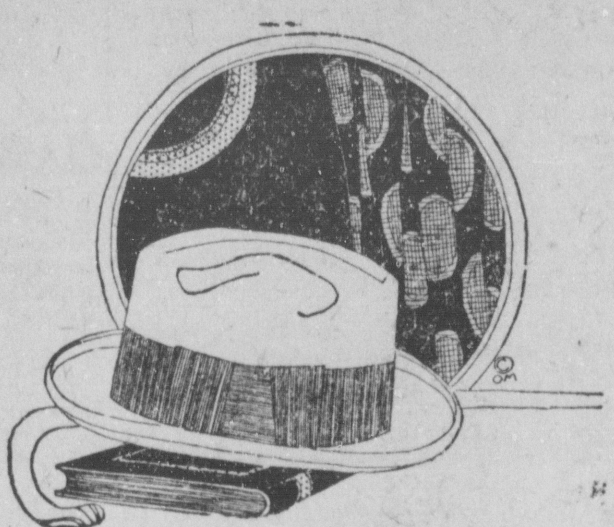

J. P. HENDERSON FUNERAL HELD AT VIRDEN

The funeral services of John P. Henderson were held at the Christian church in Virden Monday afternoon. Mr. Henderson, who was past eighty-nine years of age, had been for a long period president of the State Bank of Virden and was one of the prominent and successful business men of Macoupin county.

Mr. Henderson with a party of fifteen traveled over the plains to California in the search for gold. Following his return from the Golden State, he again resided in Macoupin county, where farming and banking occupied his attention.

He is survived by his wife and one daughter, Mrs. Howard T. Willson, state chairman of the Democratic Women's committee.

Among teachers who will serve in the Carrollton high school this year are Miss Erna Wolfe of this city, who is to teach history and English, and John F. Fierke, who will have charge of manual training and chemistry work.

POULTRY ASSOCIATION ELECTED OFFICERS

New Officers Elected at Meeting of Morgan County Poultry Association Last Night—Make Plans for Exhibit Next Winter.

The Morgan County Poultry association met last night at the home of Louis Biggs, 833 South East street. The following officers were elected for the coming year:

President—Jean Curtis.
First Vice President—James Vail.
Second Vice President—R. E. Stocker.
Secretary and Treasurer—Louis Biggs.

A report was read by the secretary and treasurer and showed the organization to be in good financial standing. The matter of next winter's poultry show was discussed and it was decided to hold it about the same time as last year, that is the middle of December.

The show will be a score card affair, each fowl being judged on head, legs, etc., and given a score for each point, the bird having the highest total will win the prize. This is much better than the old method of judging the fowl by its general grades. Delicious refreshments were served and some time was spent in an informal discussion of poultry.

WILL VISIT COUSIN

Miss Dorothy Farrell of West College avenue and her guest, Miss Betty Baldwin of Chicago, have gone to St. Louis, where they will be guests of Miss Farrell's cousin, Miss Isabel Oatman.

MADE A HIT WITH HIM

"My wife had taken your medicine and has been wonderfully benefited. For over four years she has had trouble with bloating and could scarcely eat any food because of this condition. Doctor's medicines did not help her and an operation was advised. Her brother, who is a druggist, sent her a bottle of Mayr's Wonderful Remedy and it helped her at once. I cannot praise your medicine enough." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

All members are urged to be present and visitors are especially invited.

DEATH OF GIRL IS CAUSED BY FRACTURE

Fracture of the Skull as the Cause of a Kick By a Horse Suits in the Death of Six Year Old Little Sutton of Nebo.

Little Edith Sutton, daughter of Mr. and Mrs. George L. Sutton of Nebo, passed away at Pavan Hospital at four o'clock yesterday morning as a result of injuries received when she was kicked by a horse last Tuesday. Upon first examination of child last Tuesday, her condition was not thought to be serious, she regained consciousness within a short time. She was brought to the Hospital here however by Dr. Ellsworth Black and Dr. E. Black took charge. Medical science could do nothing how to save the little girl.

The remains were taken to Reynolds Mortuary and prepared for burial. They were sent Nebo yesterday where the funeral will be held.

Coroner Rose conducted an inquest at eight o'clock yesterday morning, with the following jury: Frank Sullivan, Howard, Earl Allen, Joseph K. George Overbeck and R. Withee, and found death due to an accidental fracture of skull.
